GENERAL FACULTIES COUNCIL

General Faculties Council held its regular meeting on 27 June. The following matters were discussed.

New Members of GFC

GFC received the names of the following persons elected to serve on Council: James Neelley, Rehabilitation Medicine; G. Monckton, Medicine; and P. Bowen, Medicine. Their terms will run until 30 June 1980. Appointed to GFC was Georgina Lewis, Library, replacing D. Sharplin; that term also runs to 30 June 1980.

Report of Board of Governors

At its 3 June meeting, the Board agreed that the following persons should serve on the Committee on University Priorities: J. Schlosser and J. Forest, Board of Governors; H. Kreisel and L. C. Green, elected by GFC; D. Quon, appointed by the President on the advice of the GFC Executive as the member seconded on a full-time basis; L. Eberlein, appointed by the President on the advice of the AASUA; and W.F. Allen, Associate Vice-President (Academic) as a non-voting member.

Also at the 3 June meeting, the Board, on the recommendation of the Joint Board of Governors-AASUA Committee on Amendments to the Academic Staff Agreement and on the recommendation of GFC, approved amendments to the Academic Staff Agreement Part I on the following items:

1. Standards for the award of tenure, increments, and promotion
2. Rights of staff members when they appear before tenure committees and FSPCs
3. Membership of General Salaries and Promotions Committee (GSPC)
4. Authorities of GSPC
5. Increment/promotion decision authorities for senior administrators
6. Timing of the increment/promotion process
7. Participation in benefits while on leave
8. Vacation entitlement for resigning staff
9. Deadline for decision of General Appeals Committee re tenure
10. Redundancy procedures
11. Annual report of staff member

Report of the Nominating Committee

The GFC Nominating Committee presented the following nominations for election by Council:

Joint Committee to Search for a Chancellor:

Three members of GFC will join with the Senate and the Alumni Association in the search for a new Chancellor. The GFC nominees are R.J. Crawford, Chemistry; L. Marckworth, Linguistics; and J. Spark, President of the Students' Union.

Parking Appeals Committee: D. Williams, Physics, has been nominated to serve as the full member, and B. Hsu, Psychology (Non-Academic Staff), has been nominated to serve as the alternate member. Both will serve until June 1980.

Writing Skills Committee: G. Huntington, Science—3, has been nominated to serve as the undergraduate student member; his term will run until March 1978.

Academic structures and operations of Collège Universitaire Saint-Jean

GFC considered the recommendations of the Academic Development Committee regarding the academic structures and operations of Collège Universitaire Saint-Jean; Council voted to accept those recommendations with three amendments suggested by GFC Executive. The ADC's recommendations, including the amendments, follow. (The

McCalla Report, referred to throughout the recommendations, studied and made recommendations on various aspects of Collège Universitaire Saint-Jean; the report deals with such things as the mandate of the Collège with respect to academic programs, the relationship of the Collège and its programs to other faculties of the University, the nature or conditions of academic appointments of the Collège, the powers and composition of the Council of the Collège, and other matters deemed pertinent. The information in the McCalla Report comes from material prepared by A.G. McCalla in October 1975 for the Department of Advanced Education and from discussions with the Deans of Arts, Science, Education, and Extension as well as academic staff members from the University and the Collège.)

1. That GFC receive the Report prepared by Dr. A.G. McCalla dated January 14, 1977; that it forward the Report to the Dean and the Faculty Council of CUSJ for examination; and that it encourage CUSJ to consider the Report in developing proposals for the future.
2. That CUSJ be given full faculty status with all the rights and responsibilities that faculty status implies.

3. That in relation to the program interests of the Department of Romance Languages it be recognized that CUSJ can offer French language courses (e.g., grammar, composition and French stylistics); the equivalent of four introductory half courses in French literature, and of one half course in French civilization, now labeled Français 324, 325, 326, 327, 328; courses in Romance Linguistics equivalent to those now labeled Ling Rom 370 and 372; and courses in French-Canadian literature and civilization. French literature and civilization, apart from the courses indicated above, would remain the exclusive domain of the Department of Romance Languages. The division of responsibility in areas of mutual interest, such as translation, comparative stylistics and Romance linguistics, will be handled through the mechanism outlined below. Inasmuch as the Department of Romance Languages has several qualified staff in French-Canadian literature and inasmuch as a large number of the interested students are at CUSJ, the precise nature of the development of French-Canadian studies at CUSJ will also be handled through the same mechanism.

4. That to enhance communication, to increase cooperation, to facilitate coordination and to avoid conflict a Liaison Committee be formed including the Chairman of Romance Languages, the Dean of CUSJ and two additional persons—one named by each of the Department and CUSJ. This committee will serve as a forum for discussing further program developments and for resolving any conflicts. It will have no authority to impose a decision on CUSJ or the Department.

5. That GFC establish the following special mechanism for the resolution of possible difficulties between CUSJ and Romance Languages:

5.1 Matters involving the two units, of concern to any staff member of CUSJ or the Department of Romance Languages, will first be considered by the Liaison Committee which will be expected to resolve them.

5.2 Should either the Dean of CUSJ or the Chairman of the Department of Romance Languages indicate to the Vice-President (Academic) that a problem persists and that assistance from a source external to CUSJ and the Department is desired, the Vice-President

(Academic) will designate someone acceptable to both parties to act as a conciliator to help the parties develop a solution to the problem.

5.3 Should the intervention of a conciliator not yield an acceptable solution, the Vice-President (Academic), after consultation with the Dean of CUSJ and the Chairman of Romance Languages, will appoint an Arbitration Committee of three persons. The Arbitration Committee will hear both sides, examine all the issues, and arrive at a recommendation for the Academic Development Committee.

5.4 The Academic Development Committee will review the recommendation of the Arbitration Committee, receive and/or hear additional arguments from either party, and resolve the problem. The decision of the Academic Development Committee will be considered the final decision of the University with no possibility for appeal by either party. The decisions will be reported to GFC for information.

6. That other faculties and departments (e.g. Education) and CUSJ consider the value of Liaison Committees but that the initiative for the formation of additional Liaison Committees be left with CUSJ and the appropriate faculty or department.

7. That while it is recognized that problems might occur between CUSJ and units other than Romance Languages, for the present no mechanism beyond the general existing controls at the University are being recommended.

The final sentence of 5.3 was amended to read: "The Arbitration Committee will hear both sides, examine all the issues, and arrive at a recommendation for the Executive Committee of General Faculties Council."

The first and second sentences of 5.4 were amended to read: "The Executive Committee of General Faculties Council will review, *in camera*, the recommendation of the Arbitration Committee, receive and/or hear additional arguments from either party, and resolve the problem. The decision of the Executive Committee will be considered the final decision of the University with no possibility for appeal by either party."

The third amendment approved was the inclusion of an additional recommendation: "8. That the Council of the Collège Universitaire Saint-Jean, after having considered the McCalla Report, make a report thereon to General Faculties Council within the next year."

Proposed APO representation on GFC

After some discussion and a close vote, GFC approved a motion calling for two representatives on the Council, elected from the combined Administrative/Professional Officer and Faculty Service Officer groups; the election of the two representatives is to be conducted by the AASUA.

GFC ad hoc Committee on Prevention of Sexual Assault

Council approved a change of name so that the ad hoc Committee on Prevention of Sexual Assault would henceforth be known

as the Safe Campus Committee.

Council also approved a revision of the terms of reference for this Committee. The original terms of reference for the Committee were: "To oversee implementation of the recommendations in the AWA [Academic Women's Association] Report which have been endorsed by GFC [on 26 January]." The new terms of reference approved by GFC for the Safe Campus Committee are: "To develop methods for and recommendations to GFC on the implementation of the recommendations contained in the Report of the Academic Women's Association (AWA)."

Composition of Special Sessions Committee

GFC considered, and voted to accept, the recommendation from the Special Sessions Committee that the representation from the Office of the Registrar on that Committee be increased by one. The Special Sessions Committee made its recommendation in view of the fact that it felt it would be advantageous to have a link with the Registrar's Office in order to fit in with that Office's college and high-school liaison field work. The Special Sessions Office and its new Director, Lloyd Carswell, would continue to look after Spring and Summer Sessions, but the field work of the Evening Credit Program would be handled by the Office of the Registrar. Whoever in the Registrar's Office is assigned the field work would then become the additional member on the Special Sessions Committee.

STUDENTS' UNION HOUSING REGISTRY

The University of Alberta Students' Union Housing Registry has resumed full-time operation to assist students in finding accommodation for the upcoming school year. The Housing Registry, a free service to landlords and students, is looking for rooms, suites, apartments, and houses which are available now or can be made available by September.

Homeowners and landlords who have any vacant accommodations are asked to contact the Registry at 432-4212. All accommodations listed are incorporated in the Registry's twenty-four hour daily booklet which is distributed to students at the following five locations on campus: Lister Hall Main Desk, HUB Office, International Students' Office,

SUB Information Desk, and the Registry's Office, 280 Students' Union Building. Students can then select suitable accommodations, contact the landlord personally, and negotiate individually.

Registry Director Harald Kuckertz expects that approximately 2,000 students will use the service this year to find accommodations. All inquiries should be directed to G. Holmes, Research Grants and Contracts Office, 3-31 University Hall, telephone 432-5360.

Commonwealth Fellowship

St. John's College, Cambridge

The Council of St. John's College, Cambridge, invites applications for a Commonwealth Fellowship for the year 1978-79. The Fellowship, which is offered annually, is intended to afford to a scholar, who is a citizen of an overseas Commonwealth country or of the United Kingdom and on leave of absence from an overseas Commonwealth university, the opportunity to pursue his own study and research as a member of a Collegiate Society and to make contacts with scholars in Great Britain. It is intended for scholars holding academic posts, irrespective of seniority, and not for those still working for post-graduate degrees. Candidates who have held university posts, including Visiting Fellowships, in the United Kingdom in the five years immediately preceding the academic year 1978-79 will not be considered.

The Fellowship entitles the holder to a room in College free of rent if he should require it, and to the other rights and privileges of a resident Fellow together with an honorarium at the rate of £500 a year. Election is made for one year. While it is expected that the Fellow will wish to spend the greater part of his time in Cambridge, he will not be restricted by definite rules of residence.

The College Council proposes to make the election in March 1978. The academic year at Cambridge begins on 1 October and the Commonwealth Fellow will be expected to enter upon the Fellowship as soon after that date as is convenient and not later than April 1979.

Application for the Fellowship should be made to the Master, St. John's College, Cambridge CB2 1TP, to reach him not later than 15 January 1978 and should be accompanied by the candidate's full name, the date and place of his birth, his present appointment, his previous career, his qualifications, his plans, and the approximate date at which he would propose to come into residence, and by the names and addresses of

not more than three persons acquainted with the candidate, to whom the Council, if they wish, may refer.

Testimonials should not be sent.
